

Turtle River School Division as of November 2021

Division/School Pandemic Plan for Level **GREEN**

Grades Kindergarten to Grade 12

*subject to change based on public health guidance**

| Details | Level Green – Limited Risk |
|---|---|
| K-12 Education | <ul style="list-style-type: none"> In class learning and programming resumes at full capacities for all Kindergarten - 12 students. School-based child care centres will continue with regular operations. School buses may operate at normal capacity, with enhanced sanitization and other measures as advised by public health officials. Directives from Manitoba Education and guidelines approved by public health officials will provide any additional guidance. |
| Limited Risk (Green) Pandemic Response - The spread of COVID-19 is broadly contained. Vaccine and/or effective treatment for COVID-19 are available. | |
| Public Health Guidance | <ul style="list-style-type: none"> The spread of COVID-19 is broadly contained in Manitoba The majority of Manitobans are fully vaccinated, supporting herd immunity. Transmission of the virus is at very low to undetectable levels. There may be single or isolated small cluster outbreaks which are quickly contained. Community transmission is low to undetectable. There is sufficient health system capacity. <p style="margin-left: 20px;"><u>Range of Response Measures</u></p> <ul style="list-style-type: none"> Normal enhanced hygiene recommended. No additional extraordinary public health measures required. |

Recommendations for ALL Levels...

At all levels, all Manitobans should follow these public health fundamentals.

- Always stay at home when you're sick, even if mildly ill.
- Enhanced personal hygiene, including:
 - regular and thorough handwashing;
 - covering your nose and mouth with tissue or sleeve when coughing or sneezing;
 - avoid sharing food or drinks; and,
 - avoid touching your face.
- People at higher risk of complications due to COVID-19 to take extra precautions and avoid closed spaces, crowded places and close contact settings.
- Manitobans should wear masks in indoor settings where social distancing is not possible.
- People with COVID-19 symptoms may contact Health Links – Info Santé for testing directions or go directly to a designated site to get tested.
