Benefit Summary

This is a general summary of the coverage provided under your group plan and should be read together with the information contained in your booklet. For more information, including exclusions, limitations and other conditions, please refer to the appropriate sections of your booklet.

General Information

Waiting Period	The period ending on the last day of the month in which you have completed 3 months of continuous employment
Termination	Termination of coverage may vary from benefit to benefit as indicated in this Summary. Coverage may also end on an earlier date, as specified in the *General Information* section of your booklet.

Extended Health Care

Benefit year	From January 1 to December 31
Deductible	For prescription drugs – $5 for each prescription or refill For other expenses – none
Reimbursement level	
Prescription drugs	80% after the deductible
Dispensing fee	Eligible expenses for the dispensing fee are limited to $5 for each prescription or refill
Drug substitution limit	Charges in excess of the lowest priced equivalent drug are not covered unless the doctor specifies in writing that no substitution for the prescribed drug may be made
In-province hospital	80%, of the difference between the cost of a ward and a semi-private hospital room
Convalescent hospital	80%, up to $20 per day for a maximum of 180 days for treatment of an illness due to the same or related causes

Out-of-province emergency services	100% Emergency Travel Assistance included Maximum of 90 days per trip Lifetime maximum of $1,000,000per person for out-of-Canada services
Out-of-province referred services	80%
Medical services and equipment	80%
Paramedical services	80%, up to a maximum of $300 per person per benefit year per specialty
Vision care	100%, up to a maximum of $150 in any 24 month period
Termination	When you retire

Dental Care

Benefit year	From January 1 to December 31
Deductible	None
Fee guide	The current fee guide for general practitioners in your province of residence
Reimbursement level	
Preventive procedures	80%
Basic procedures	80%
Maximum benefit	
Benefit year maximum	$500 per person
Termination	When you retire

General Information

About this booklet

The information in this employee benefits booklet is important to you. It provides the information you need about the group benefits available through your employer's group contract with Sun Life Assurance Company of Canada (*Sun Life*), a member of the Sun Life Financial group of companies.

Your group benefits may be modified after the effective date of this booklet. You will receive written notification of changes to your group plan. The notification will supplement your group benefits booklet and should be kept in a safe place together with this booklet.

If you have any questions about the information in this employee benefits booklet, or you need additional information about your group benefits, please contact your employer.

Eligibility

To be eligible for group benefits, you must be a resident of Canada and meet the following conditions:

- you are a permanent employee.
- you are actively working for your employer at least 20 hours a week.
- you have completed the waiting period.

The waiting period for your group plan is 3 months of continuous employment.

We consider you to be actively working if you are performing all the usual and customary duties of your job with your employer for the scheduled number of hours for that day. This includes scheduled non-working days and any period of continuous paid vacation of up to 3 months if you were actively working on the last scheduled working day. We do not consider you to be actively at work if you are receiving disability benefits or are participating in a partial disability or

rehabilitation program.

Your dependents become eligible for coverage on the date you become eligible or the date they first become your dependent, whichever is later. You must apply for coverage for yourself in order for your dependents to be eligible.

Who qualifies as your dependent

Your dependent must be your spouse or your child and a resident of Canada or the United States.

Your spouse by marriage or under any other formal union recognized by law, or your partner of the opposite sex or of the same sex who has been publicly represented as your spouse for at least the last 12 months, is an eligible dependent. You can only cover one spouse at a time.

Your children and your spouse's children (other than foster children) are eligible dependents if they are not married or in any other formal union recognized by law, and are under age 21.

A child who is a full-time student attending an educational institution recognized under the Income Tax Act (Canada) is also considered an eligible dependent until the age of 25 as long as the child is entirely dependent on you for financial support.

If a child becomes handicapped before the limiting age, we will continue coverage as long as:

- the child is incapable of financial self-support because of a physical or mental disability, and
- the child depends on you for financial support, and is not married nor in any other formal union recognized by law.

In these cases, you must notify Sun Life within 31 days of the date the child attains the limiting age. Your employer can give you more information about this.

Enrolment

You have to enrol to receive coverage. To enrol, you must send the appropriate enrolment information to Sun Life through your employer. For a dependent to receive coverage, you must request dependent coverage.

If you or your dependents are covered for comparable Extended Health Care or Dental Care coverage under this or another group plan, you may refuse this coverage under this plan. If, at a later date, the other coverage ends, you can enrol for coverage under this plan at that time.

For employees working between 20 and 29 hours per week, normally, you request coverage for yourself or your dependents within 31 days of becoming eligible for coverage. If you do not request coverage within this time limit, you will have to provide proof of good health at your own expense.

When coverage begins

For employees working between 20 and 29 hours per week, your coverage begins on the later of the following dates:

- the date you become eligible for coverage.
- the date your employer receives your enrolment information for coverage.
- the date Sun Life approves your proof of good health, if required.

For employees working 30 or more hours per week, your coverage begins on the date you become eligible for coverage.

If you are not actively working on the date coverage would normally begin, your coverage will not begin until you return to active work.

For employees working between 20 and 29 hours per week, a dependent's coverage begins on the later of the following dates:

- the date your coverage begins.
- the date the dependent becomes eligible for coverage.
- the date Sun Life approves the dependent's proof of good health, if required.

For employees working 30 or more hours per week, dependent coverage begins on the date your coverage begins or the date you first have an eligible dependent, whichever is later.

However, for a dependent, other than a newborn child, who is hospitalized, coverage will begin when the dependent is discharged from hospital and is actively pursuing normal activities.

Once you have dependent coverage, any subsequent dependents will be covered automatically.

If there are additional conditions for a particular benefit, these conditions will appear in the appropriate benefit section later in this booklet.

Changes affecting your coverage

From time to time, there may be circumstances that change your coverage.

For example, your employment status may change, or your employer may change the group contract. Any resulting change in the coverage will take effect on the date of the change in circumstances.

The following exceptions apply if the result of the change is an increase in coverage:

- if proof of good health is required, the change cannot take effect before Sun Life approves the proof of good health.
- if you are not actively working when the change occurs or when Sun Life approves proof of good health, the change cannot take effect before you return to active work.
- if a dependent, other than a newborn child, is hospitalized on the date when the change occurs, the change in the dependent's coverage cannot take effect before the dependent is discharged and is actively pursuing normal activities.

Updating your records

To ensure that coverage is kept up-to-date, it is important that you report any of the following changes to your employer:

- change of dependents.
- change of name.
- change of beneficiary.

Accessing your records

For insured benefits, you may obtain copies of the following documents:

- your enrolment form or application for insurance.
- any written statements or other record, not otherwise part of the application, that you provided to Sun Life as evidence of insurability.

For insured benefits, on reasonable notice, you may also request a copy of the contract.

The first copy will be provided at no cost to you but a fee may be charged for subsequent copies.

All requests for copies of documents should be directed to one of the following sources:

- our website at www.mysunlife.ca.
- our Customer Care centre by calling toll-free at 1-800-361-6212.

When coverage ends

As an employee, your coverage will end on the earlier of the following dates:

- the date your employment ends or you retire. For more information about Extended Health Care coverage and Dental Care coverage after retirement, please contact your employer.
- the date you are no longer actively working.
- the end of the period for which premiums have been paid to Sun Life for your coverage.
- the date the group contract ends.

A dependent's coverage terminates on the earlier of the following dates:

- the date your coverage ends.

- the date the dependent is no longer an eligible dependent.
- the end of the period for which premiums have been paid for dependent coverage.

The termination of coverage may vary from benefit to benefit. For information about the termination of a specific benefit, please refer to the appropriate section of this employee benefits booklet.

However, if you die while covered by this plan, coverage for your dependents will continue, without premiums, until the earlier of the following dates:

- 24 months after the date of your death.
- the date the person would no longer be considered your dependent under this plan if you were still alive.
- the date the benefit provision under which the dependent is covered terminates.

Replacement coverage

The group contract will be interpreted and administered according to all applicable legislation and the guidelines of the Canadian Life and Health Insurance Association concerning the continuation of insurance following contract termination and the replacement of group insurance.

Sun Life will not be responsible for paying benefits if an insurer under a previous group contract is responsible for paying similar benefits.

If such legislation or guidelines require that Sun Life resume paying certain benefits because of a recurrence of an employee's total disability, Sun Life will resume payment at the same amount and for the remainder of the maximum benefit period.

Making claims

Sun Life is dedicated to processing your claims promptly and efficiently. You should contact your employer to get the proper form to make a claim.

There are time limits for making claims. These limits are discussed in the appropriate sections of this employee benefits booklet. If you fail to abide by these time limits, you may not be entitled to some or all

benefit payments.

All claims must be made in writing on forms approved by Sun Life.

For the assessment of a claim, Sun Life may require medical records or reports, proof of payment, itemized bills, or other information Sun Life considers necessary. Proof of claim is at your expense.

Legal actions

Limitation period for Ontario:

Every action or proceeding against an insurer for the recovery of insurance money payable under the contract is absolutely barred unless commenced within the time set out in the *Limitations Act, 2002*.

Limitation period for any other province:

Every action or proceeding against an insurer for the recovery of insurance money payable under the contract is absolutely barred unless commenced within the time set out in the *Insurance Act* or other applicable legislation of your province or territory.

Coordination of benefits

If you or your dependents are covered for Extended Health Care or Dental Care under this plan and another plan, our benefits will be coordinated with the other plan following insurance industry standards. These standards determine which plan you should claim from first.

The plan that does not contain a coordination of benefits clause is considered to be the first payer and therefore pays benefits before a plan which includes a coordination of benefits clause.

For dental accidents, health plans with dental accident coverage pay benefits before dental plans.

The maximum amount that you can receive from all plans for eligible expenses is 100% of actual expenses.

Where both plans contain a coordination of benefits clause, claims must be submitted in the order described below.

Claims for you and your spouse should be submitted in the following order:

- the plan where the person is covered as an employee. If the person is an employee under two plans, the following order applies:
  - the plan where the person is covered as an active full-time employee.
  - the plan where the person is covered as an active part-time employee.
  - the plan where the person is covered as a retiree.
- the plan where the person is covered as a dependent.

Claims for a child should be submitted in the following order:

- the plan where the child is covered as an employee.
- the plan where the child is covered under a student health or dental plan provided through an educational institution.
- the plan of the parent with the earlier birth date (month and day) in the calendar year. For example, if your birthday is May 1 and your spouse's birthday is June 5, you must claim under your plan first.
- the plan of the parent whose first name begins with the earlier letter in the alphabet, if the parents have the same birth date.

The above order applies in all situations except when parents are separated/divorced and there is no joint custody of the child, in which case the following order applies:

- the plan of the parent with custody of the child.
- the plan of the spouse of the parent with custody of the child.
- the plan of the parent not having custody of the child.
- the plan of the spouse of the parent not having custody of the child.

When you submit a claim, you have an obligation to disclose to Sun Life all other equivalent coverage that you or your dependents have.

Your employer can help you determine which plan you should claim from first.

Medical examination

We can require you to have a medical examination if you make a claim for benefits. We will pay for the cost of the examination. If you fail or refuse to have this examination, we will not pay any benefit.

Recovering overpayments

We have the right to recover all overpayments of benefits either by deducting from other benefits or by any other available legal means.

Definitions

Here is a list of definitions of some terms that appear in this employee benefits booklet. Other definitions appear in the benefit sections.

Accident An accident is a bodily injury that occurs solely as a direct result of a violent, sudden and unexpected action from an outside source.

Doctor A doctor is a physician or surgeon who is licensed to practice medicine where that practice is located.

Illness An illness is a bodily injury, disease, mental infirmity or sickness. Any surgery needed to donate a body part to another person which causes total disability is an illness.

Retirement date If you are totally disabled, your retirement date is your 65th birthday, unless you have actually retired before then.

We, our and us We, our and us mean Sun Life Assurance Company of Canada.

Extended Health Care
(Medicare Supplement)

General description of the coverage

In this section, *you* means the employee and all dependents covered for Extended Health Care benefits.

Extended Health Care coverage pays for eligible services or supplies for you that are medically necessary for the treatment of an illness. *Medically necessary* means generally recognized by the Canadian medical profession as effective, appropriate and required in the treatment of an illness in accordance with Canadian medical standards.

To qualify for this coverage you must be entitled to benefits under a provincial medicare plan or federal government plan that provides similar benefits.

Reference to Doctor may also include a nurse practitioner – If the applicable provincial legislation permits nurse practitioners to prescribe or order certain supplies or services, Sun Life will reimburse those eligible services or supplies prescribed or ordered by a nurse practitioner the same way as if they were prescribed or ordered by a doctor. For drugs, refer to *Other health professionals allowed to prescribe drugs.*

An expense must be claimed for the benefit year in which the expense is incurred. You incur an expense on the date the service is received or the supplies are purchased or rented.

The benefit year is from January 1 to December 31.

Deductible

The deductible is the portion of claims that you are responsible for paying.

For prescription drugs there is a deductible of $5 for each prescription or refill.

After the deductible has been paid, claims will be paid up to the percentage of coverage under this plan.

For other expenses, there is no deductible.

Prescription drugs

Drugs covered under this plan must have a Drug Identification Number (DIN) and be approved under *Drug evaluation*.

We will cover 80% of the cost of the following drugs and supplies that are prescribed by a doctor or dentist and are obtained from a pharmacist:

- selected drugs with a Drug Identification Number (DIN) and supplies that are therapeutically useful and cost effective, and listed in the Manitoba drug benefit plan.
- selected natural health products with a Natural Product Number (NPN), where provided in the provincial drug benefit plan.
- compounded preparations, provided that the principal active ingredient is an eligible expense and has a DIN.
- intrauterine devices (IUDs) and diaphragms.
- colostomy supplies.
- varicose vein injections.

Payments for any single purchase are limited to quantities that can reasonably be used in a 34 day period or, in the case of certain maintenance drugs, in a 100 day period as ordered by a doctor.

Drug evaluation

The following drugs will be evaluated and must be approved by us to be eligible for coverage:

- drugs that receive Health Canada Notice of Compliance for an initial or a new indication on or after November 1, 2017.
- drugs covered under this plan and subject to a significant increase in cost.

Drug expenses are eligible for reimbursement only if incurred on or after the date of our approval.

We will assess the eligibility of the drug based on factors such as:

- comparative analysis of the drug cost and its clinical effectiveness.
- recommendations by health technology assessment organizations and provinces.
- availability of other drugs treating the same or similar conditions(s).
- plan sustainability.

Dispensing fee Eligible expenses for the dispensing fee are limited to $5 for each prescription or refill.

Drug substitution limit Charges in excess of the lowest priced equivalent drug are not covered unless the doctor specifies in writing that no substitution for the prescribed drug may be made.

Reference Drug Program The Reference Drug Program (RDP) applies to select drugs determined by Sun Life. Under RDP, Sun Life will:

- group together a set of drugs that are used to treat the same condition(s) in the same or similar way (a *therapeutic category*).
- determine the most cost-effective drug within a *therapeutic category* (the *Reference Drug*), considering such factors as cost to the plan, provincial programs, safety and clinical effectiveness.
- limit the eligible cost of drugs in a particular *therapeutic category* to the eligible cost of the *Reference Drug* (the *Reference Drug Limit*).
- apply the *Reference Drug Limit* to select province(s), excluding Québec. The selected province(s) may vary with each *therapeutic category*.

For all *therapeutic categories*, the *Reference Drug Limit* applies to covered persons in the selected provinces having no previous claims for

a non-*Reference Drug*. The *Reference Drug Limit* may also apply to covered persons with previous claims for a non-*Reference Drug* depending upon the *therapeutic category* and such factors as:

- clinical support for switching to the *Reference Drug*.
- expected duration of treatment.
- provincial programs.

Any claim submitted under this plan within 120 days before the date that Sun Life applies the *Reference Drug* to the plan is a previous claim. Any drug other than the *Reference Drug* in a *therapeutic category* is a non-*Reference Drug*.

When the *Reference Drug Limit* applies, charges in excess of this limit are not covered, unless there is a medical reason for the covered person to take the non-*Reference Drug*. To assess medical necessity, Sun Life will require the covered person and the attending doctor to complete and submit an exception form.

Other health professionals allowed to prescribe drugs

We reimburse certain drugs prescribed by other qualified health professionals the same way as if the drugs were prescribed by a doctor or a dentist if the applicable provincial legislation permits them to prescribe those drugs.

Hospital expenses in your province

We will cover 80% of the costs for hospital care in the province where you live.

We will cover out-patient services in a hospital, except for any services explicitly excluded under this benefit, and the difference between the cost of a ward and a semi-private hospital room.

We will also cover the cost of room and board in a convalescent hospital if this care has been ordered by a doctor as long as it is primarily for rehabilitation, and not for custodial care.

The maximum amount payable is $20 per day up to a maximum of 180 days for treatment of an illness due to the same or related causes.

For purposes of this plan, a *convalescent hospital* is a facility licensed

to provide convalescent care and treatment for sick or injured patients on an in-patient basis. Nursing and medical care must be available 24 hours a day. It does not include a nursing home, rest home, home for the aged or chronically ill, sanatorium or a facility for treating alcohol or drug abuse.

A *hospital* is a facility licensed to provide care and treatment for sick or injured patients, primarily while they are acutely ill. It must have facilities for diagnostic treatment and major surgery. Nursing care must be available 24 hours a day. It does not include a nursing home, rest home, home for the aged or chronically ill, sanatorium, convalescent hospital or a facility for treating alcohol or drug abuse or beds set aside for any of these purposes in a hospital.

Expenses out of your province

We will cover emergency services while you are outside the province where you live. We will also cover referred services.

For both emergency services and referred services, we will cover the cost of:

- a semi-private hospital room.
- other hospital services provided outside of Canada.
- out-patient services in a hospital.
- the services of a doctor.

Expenses for all other services or supplies eligible under this plan are also covered when they are incurred outside the province where you live, subject to the reimbursement level and all conditions applicable to those expenses.

Emergency services

We will pay 100% of the cost of covered emergency services.

We will only cover emergency services obtained within 90 days of the date you leave the province where you live. If hospitalization occurs within this period, in-patient services are covered until the date you are discharged.

Emergency services mean any reasonable medical services or supplies,

including advice, treatment, medical procedures or surgery, required as a result of an emergency. When a person has a chronic condition, emergency services do not include treatment provided as part of an established management program that existed prior to the person leaving the province where the person lives.

Emergency means an acute illness or accidental injury that requires immediate, medically necessary treatment prescribed by a doctor.

At the time of an emergency, you or someone with you must contact Sun Life's Emergency Travel Assistance provider, AZGA Service Canada Inc. (*Allianz Global Assistance*). All invasive and investigative procedures (including any surgery, angiogram, MRI, PET scan, CAT scan), must be pre-authorized by Allianz Global Assistance prior to being performed, except in extreme circumstances where surgery is performed on an emergency basis immediately following admission to a hospital.

If contact with Allianz Global Assistance cannot be made before services are provided, contact with Allianz Global Assistance must be made as soon as possible afterwards. If contact is not made and emergency services are provided in circumstances where contact could reasonably have been made, then Sun Life has the right to deny or limit payments for all expenses related to that emergency.

An emergency ends when you are medically stable to return to the province where you live.

Emergency services excluded from coverage

Any expenses related to the following emergency services are not covered:

- services that are not immediately required or which could reasonably be delayed until you return to the province where you live, unless your medical condition reasonably prevents you from returning to that province prior to receiving the medical services.
- services relating to an illness or injury which caused the emergency, after such emergency ends.
- continuing services, arising directly or indirectly out of the

original emergency or any recurrence of it, after the date that Sun Life or Allianz Global Assistance, based on available medical evidence, determines that you can be returned to the province where you live, and you refuse to return.

- services which are required for the same illness or injury for which you received emergency services, including any complications arising out of that illness or injury, if you had unreasonably refused or neglected to receive the recommended medical services.

- where the trip was taken to obtain medical services for an illness or injury, services related to that illness or injury, including any complications or any emergency arising directly or indirectly out of that illness or injury.

Referred services

Referred services must be for the treatment of an illness and ordered in writing by a doctor located in the province where you live. We will pay 80% of the costs of referred services. Your provincial medicare plan must agree in writing to pay benefits for the referred services.

All referred services must be:

- obtained in Canada, if available, regardless of any waiting lists, and

- covered by the medicare plan in the province where you live.

However, if referred services are not available in Canada, they may be obtained outside of Canada.

Emergency services outside Canada

Expenses incurred for emergency services outside Canada are subject to a lifetime maximum of $1,000,000 per person or, if lower, any other applicable lifetime maximum.

Medical services and equipment

We will cover 80% of the costs for the medical services listed below when ordered by a doctor (the services of a licensed optometrist, ophthalmologist or dentist do not require a doctor's order).

- out-of-hospital private duty nurse services when medically necessary. Services must be for nursing care, and not for custodial

care. The private duty nurse must be a nurse, or nursing assistant who is licensed, certified or registered in the province where you live and who does not normally live with you. The services of a registered nurse are eligible only when someone with lesser qualifications can not perform the duties. There is a limit of $10,000 per person per benefit year.

- transportation in a licensed ambulance, if medically necessary, that takes you to and from the nearest hospital that is able to provide the necessary medical services. Expenses incurred outside Canada for emergency services will be paid based on the conditions specified above for emergency services under *Expenses out of your province*.

- transportation in a licensed air ambulance, if medically necessary, that takes you to the nearest hospital that provides the necessary emergency services. Expenses incurred outside Canada for emergency services will be paid based on the conditions specified above for emergency services under *Expenses out of your province*.

- the following diagnostic services rendered outside of a hospital, except if the covered person's provincial plan prohibits payment of these expenses:

  - laboratory tests.

  - ultrasounds.

  - MRI (magnetic resonance imaging), CT (computed tomography) scans and other medical imaging services, up to a combined maximum of $1,000 per person per benefit year.

- dental services, including braces and splints, to repair damage to natural teeth caused by an accidental blow to the mouth that occurs while you are covered. These services must be received within 12 months of the accident. We will not cover more than the fee stated in the Dental Association Fee Guide for a general practitioner in the province where the employee lives. The guide must be the current guide at the time that treatment is received.

- services of an ophthalmologist or licensed optometrist, limited to one examination in any 24 month period.
- contact lenses or intraocular lenses following a cataract surgery, limited to a lifetime maximum of one lens per eye.
- wigs following chemotherapy, up to a maximum of $300 per person in a benefit year. Wigs do not require a doctor’s order.
- medically necessary equipment rented, or purchased at our request, that meets your basic medical needs. If alternate equipment is available, eligible expenses are limited to the cost of the least expensive equipment that meets your basic medical needs. For wheelchairs, eligible expenses are limited to the cost of a manual wheelchair, except if the person's medical condition warrants the use of an electric wheelchair.
- casts, splints, trusses, braces or crutches.
- breast prostheses required as a result of surgery, up to a maximum of $200 per person in a benefit year.
- surgical brassieres required as a result of surgery, up to a maximum of 2 brassieres per person in a benefit year.
- artificial limbs and eyes.
- stump socks, up to a maximum of 5 pairs per person in a benefit year.
- elastic support stockings, including pressure gradient hose, up to a maximum of 2 pairs per person in a benefit year.
- custom-made orthotic inserts for shoes, when prescribed by a doctor, podiatrist or chiropodist, up to a maximum of $350 per person in a benefit year.
- custom-made orthopaedic shoes or modifications to orthopaedic shoes when prescribed by a doctor, podiatrist or chiropodist, up to a maximum of $500 per person in a benefit year.

- hearing aids prescribed by an ear, nose and throat specialist, up to a maximum of $500 per person over a period of 5 benefit years. Repairs are included in this maximum.
- radiotherapy or coagulotherapy.
- oxygen, plasma and blood transfusions.
- glucometers prescribed by a diabetologist or a specialist in internal medicine, up to a lifetime maximum of $700 per person.
- insulin pumps.
- Continuous Glucose Monitor (CGM) receivers, transmitters or sensors, for persons diagnosed with Type 1 diabetes, up to a combined maximum of $4,000 per person per benefit year. You must provide us with a doctor's note confirming the diagnosis.

Paramedical services

We will cover 80% of the costs, up to a maximum of $300 per person per specialty in a benefit year for the paramedical specialists listed below:

- licensed psychologists or social workers.
- licensed massage therapists.
- licensed speech therapists.
- licensed physiotherapists.
- licensed naturopaths.
- licensed acupuncturists.
- licensed audiologists.
- licensed dieticians.
- licensed osteopaths or osteopathic practitioners, including a maximum of one x-ray examination each benefit year.

- licensed chiropractors, including a maximum of one x-ray examination each benefit year.
- licensed podiatrists or chiropodists, including a maximum of one x-ray examination each benefit year.

Vision Care

We will cover the cost of contact lenses, eyeglasses or laser eye correction surgery. Contact lenses or eyeglasses must be prescribed by an ophthalmologist or licensed optometrist and obtained from an ophthalmologist, licensed optometrist or optician. Laser eye correction surgery must be performed by an ophthalmologist.

We will cover 100% of these costs up to a maximum of $150 per person in any 24 month period.

We will not pay for sunglasses, magnifying glasses, or safety glasses of any kind, unless they are prescription glasses needed for the correction of vision.

When coverage ends

Extended Health Care coverage will end when the employee retires. However, you may be eligible for Extended Health Care coverage after retirement. Please contact your employer for more information.

Coverage may also end on an earlier date, as specified in *General Information*.

Payments after coverage ends

If you are totally disabled when your coverage ends, benefits will continue for expenses that result from the illness that caused the total disability if the expenses are incurred:

- during the uninterrupted period of total disability,
- within 90 days of the end of coverage, and
- while this provision is in force.

For the purpose of this provision, an employee is totally disabled if prevented by illness from performing any occupation the employee is or may become reasonably qualified for by education, training or experience, and a dependent is totally disabled if prevented by illness

from performing the dependent's normal activities.

If the Extended Health Care benefit terminates, coverage for dental services to repair natural teeth damaged by an accidental blow will continue, if the accident occurred while you were covered, and the procedure is performed within 6 months after the date of the accident.

What is not covered

We will not pay for the costs of:

- services or supplies payable or available (regardless of any waiting list) under any government-sponsored plan or program, except as described below under *Integration with government programs*.
- services or supplies to the extent that their costs exceed the reasonable and usual rates in the locality where the services or supplies are provided.
- equipment that Sun Life considers ineligible (examples of this equipment are orthopaedic mattresses, exercise equipment, air-conditioning or air-purifying equipment, whirlpools and humidifiers).
- any services or supplies that are not usually provided to treat an illness, including experimental or investigational treatments. *Experimental or investigational treatments* mean treatments that are not approved by Health Canada or other government regulatory body for the general public.
- services or supplies that do not qualify as medical expenses under the Income Tax Act (Canada).
- services or supplies for which no charge would have been made in the absence of this coverage.

We will not pay benefits when the claim is for an illness resulting from:

- the hostile action of any armed forces, insurrection or participation in a riot or civil commotion.
- any work for which you were compensated that was not done for

the employer who is providing this plan.

- participation in a criminal offence.

Integration with government programs

This plan will integrate with benefits payable or available under the government-sponsored plan or program (the *government program*).

The covered expense under this plan is that portion of the expense that is not payable or available under the government program, regardless of:

- whether you have made an application to the government program,
- whether coverage under this plan affects your eligibility or entitlement to any benefits under the government program, or
- any waiting lists.

When and how to make a claim

To make a claim, complete the claim form that is available from your employer.

In order for you to receive benefits, we must receive the claim no later than 90 days after the earlier of:

- the end of the benefit year during which you incur the expenses, or
- the end of your Extended Health Care coverage.

Emergency Travel Assistance

General description of the coverage

In this section, *you* means the employee and all dependents covered for Emergency Travel Assistance benefits.

If you are faced with a medical emergency when travelling outside of the province where you live, AZGA Service Canada Inc. (*Allianz Global Assistance*) can help.

Emergency means an acute illness or accidental injury that requires immediate, medically necessary treatment prescribed by a doctor.

This benefit, called **Medi-Passport**, supplements the emergency portion of your Extended Health Care coverage. It only covers emergency services that you obtain within 90 days of leaving the province where you live. If hospitalization occurs within this time period, in-patient services are covered until you are discharged.

The Medi-Passport coverage is subject to any maximum applicable to the emergency portion of the Extended Health Care benefit. The emergency services excluded from coverage, and all other conditions, limitations and exclusions applicable to your Extended Health Care coverage also apply to Medi-Passport.

We recommend that you bring your Travel card with you when you travel. It contains telephone numbers and the information needed to confirm your coverage and receive assistance.

Getting help

At the time of an emergency, you or someone with you must contact Allianz Global Assistance. If contact with Allianz Global Assistance cannot be made before services are provided, contact with Allianz Global Assistance must be made as soon as possible afterwards. If contact is not made and emergency services are provided in circumstances where contact could reasonably have been made, then Sun Life has the right to deny or limit payments for all expenses related to that emergency.

Access to a fully staffed coordination centre is available 24 hours a day. Please consult the telephone numbers on the Travel card.

Allianz Global Assistance may arrange for:

On the spot medical assistance

Allianz Global Assistance will provide referrals to physicians, pharmacists and medical facilities.

As soon as Allianz Global Assistance is notified that you have a medical emergency, its staff, or a physician designated by Allianz Global Assistance, will, when necessary, attempt to establish communications with the attending medical personnel to obtain an understanding of the situation and to monitor your condition. If necessary, Allianz Global Assistance will also guarantee or advance payment of the expenses incurred to the provider of the medical service.

Allianz Global Assistance will provide translation services in any major language that may be needed to communicate with local medical personnel.

Allianz Global Assistance will transmit an urgent message from you to your home, business or other location. Allianz Global Assistance will keep messages to be picked up in its offices for up to 15 days.

Transportation home or to a different medical facility

Allianz Global Assistance may determine, in consultation with an attending physician, that it is necessary for you to be transported under medical supervision to a different hospital or treatment facility or to be sent home.

In these cases, Allianz Global Assistance will arrange, guarantee, and if necessary, advance the payment for your transportation.

Sun Life or Allianz Global Assistance, based on available medical evidence, will make the final decision whether you should be moved, when, how and to where you should be moved and what medical equipment, supplies and personnel are needed.

Meals and accommodations expenses

If your return trip is delayed or interrupted due to a medical emergency or the death of a person you are travelling with who is also covered by this benefit, Allianz Global Assistance will arrange for your meals and accommodations at a commercial establishment. We will pay a maximum of $150 a day for each person for up to 7 days.

Allianz Global Assistance will arrange for meals and accommodations at a commercial establishment, if you have been hospitalized due to a medical emergency while away from the province where you live and have been released, but, in the opinion of Allianz Global Assistance, are not yet able to travel. We will pay a maximum of $150 a day for up to 5 days.

Travel expenses home if stranded

Allianz Global Assistance will arrange and, if necessary, advance funds for transportation to the province where you live:

- for you, if due to a medical emergency, you have lost the use of a ticket home because you or a dependent had to be hospitalized as an in-patient, transported to a medical facility or repatriated; or
- for a child who is under the age of 16, or mentally or physically handicapped, and left unattended while travelling with you when you are hospitalized outside the province where you live, due to a medical emergency.

If necessary, in the case of such a child, Allianz Global Assistance will also make arrangements and advance funds for a qualified attendant to accompany them home. The attendant is subject to the approval of you or a member of your family.

We will pay a maximum of the cost of the transportation minus any redeemable portion of the original ticket.

Travel expenses of family members

Allianz Global Assistance will arrange and, if necessary, advance funds for one round-trip economy class ticket for a member of your immediate family to travel from their home to the place where you are hospitalized if you are hospitalized for more than 7 consecutive days, and:

- you are travelling alone, or

- you are travelling only with a child who is under the age of 16 or mentally or physically handicapped.

We will pay a maximum of $150 a day for the family member's meals and accommodations at a commercial establishment up to a maximum of 7 days.

Repatriation

If you die while out of the province where you live, Allianz Global Assistance will arrange for all necessary government authorizations and for the return of your remains, in a container approved for transportation, to the province where you live. We will pay a maximum of $5,000 per return.

Vehicle return

Allianz Global Assistance will arrange and, if necessary, advance funds up to $500 for the return of a private vehicle to the province where you live or a rental vehicle to the nearest appropriate rental agency if death or a medical emergency prevents you from returning the vehicle.

Lost luggage or documents

If your luggage or travel documents become lost or stolen while you are travelling outside of the province where you live, Allianz Global Assistance will attempt to assist you by contacting the appropriate authorities and by providing directions for the replacement of the luggage or documents.

Coordination of coverage

You do not have to send claims for doctors' or hospital fees to your provincial medicare plan first. This way you receive your refund faster. Sun Life and Allianz Global Assistance coordinate the whole process with most provincial plans and all insurers, and send you a cheque for the eligible expenses. Allianz Global Assistance will ask you to sign a form authorizing them to act on your behalf.

If you are covered under this group plan and certain other plans, we will coordinate payments with the other plans in accordance with guidelines adopted by the Canadian Life and Health Insurance Association.

The plan from which you make the first claim will be responsible for managing and assessing the claim. It has the right to recover from the other plans the expenses that exceed its share.

Limits on advances

Advances will not be made for requests of less than $200. Requests in excess of $200 will be made in full up to a maximum of $10,000.

The maximum amount advanced will not exceed $10,000 per person per trip unless this limit will compromise your medical care.

Reimbursement of expenses

If, after obtaining confirmation from Allianz Global Assistance that you are covered and a medical emergency exists, you pay for services or supplies that were eligible for advances, Sun Life will reimburse you.

To receive reimbursement, you must provide Sun Life with proof of the expenses within 30 days of returning to the province where you live. Your employer can provide you with the appropriate claim form.

Your responsibility for advances

You will have to reimburse Sun Life for any of the following amounts advanced by Allianz Global Assistance:

- any amounts which are or will be reimbursed to you by your provincial medicare plan.
- that portion of any amount which exceeds the maximum amount of your coverage under this plan.
- amounts paid for services or supplies not covered by this plan.
- amounts which are your responsibility, such as deductibles and the percentage of expenses payable by you.

Sun Life will bill you for any outstanding amounts. Payment will be due when the bill is received. You can choose to repay Sun Life over a 6 month period, with interest at an interest rate established by Sun Life from time to time. Interest rates may change over the 6 month period.

Limits on Emergency Travel Assistance coverage

There are countries where Allianz Global Assistance is not currently available for various reasons. For the latest information, please call Allianz Global Assistance before your departure.

Allianz Global Assistance reserves the right to suspend, curtail or limit its services in any area, without prior notice, because of:

- a rebellion, riot, military up-rising, war, labour disturbance, strike, nuclear accident or an act of God.
- the refusal of authorities in the country to permit Allianz Global Assistance to fully provide service to the best of its ability during any such occurrence.

Liability of Sun Life or Allianz Global Assistance

Neither Sun Life nor Allianz Global Assistance will be liable for the negligence or other wrongful acts or omissions of any physician or other health care professional providing direct services covered under this group plan.

Dental Care

General description of the coverage

In this section, *you* means the employee and all dependents covered for Dental Care benefits.

Dental Care coverage pays for eligible expenses that you incur for dental procedures provided by a licensed dentist, denturist, dental hygienist and anaesthetist while you are covered by this group plan.

For each dental procedure, we will only cover reasonable and customary charges. We will not cover more than the fee stated in the Dental Association Fee Guide for general practitioners in the province where the employee lives, regardless of where the treatment is received. Payments will be based on the current guide at the time the treatment is received.

When a fee guide is not published for a given year, the term *fee guide* may also mean an adjusted fee guide established by Sun Life.

Reasonable and customary charges mean:

- charges considered necessary for the treatment and maintenance of a person's oral health, according to standard Canadian dental procedures and practices, and
- charges of a reasonable frequency and duration, as determined by Sun Life.

When deciding what we will pay for a procedure, we will first find out if other or alternate procedures could have been done. These alternate procedures must be part of usual and accepted dental work and must obtain as adequate a result as the procedure that the dentist performed. We will not pay more than the reasonable cost of the least expensive alternate procedure.

If you receive any temporary dental service, it will be included as part of the final dental procedure used to correct the problem and not as a

separate procedure. The fee for the permanent service will be used to determine the reasonable and customary charge for the final dental service.

An expense must be claimed for the benefit year in which the expense is incurred. You incur an expense on the date your dentist performs a single appointment procedure. For procedures which take more than one appointment, you incur an expense once the entire procedure is completed.

The benefit year is from January 1 to December 31.

Deductible

There is no deductible for this coverage.

Benefit year maximum

We will not pay more than $500 per person for each benefit year for all services.

Predetermination

We suggest that you send us an estimate, before the work is done, for any major treatment or any procedure that will cost more than $500. You should send us a completed dental claim form that shows the treatment that the dentist is planning and the cost. Both you and the dentist will have to complete parts of the claim form. We will tell you how much of the planned treatment is covered. This way you will know how much of the cost you will be responsible for before the work is done.

Preventive dental procedures

Your dental benefits include the following procedures used to help prevent dental problems. They are procedures that a dentist performs regularly to help maintain good dental health.

We will pay 80% of the eligible expenses for these procedures.

Oral examinations

1 complete examination every 24 months.

1 recall examination every 9 months.

Emergency or specific examinations.

X-rays

1 complete series of x-rays or 1 panorex every 24 months.

1 set of bitewing x-rays every 9 months.

X-rays to diagnose a symptom or examine progress of a particular course of treatment.

Other services Required consultations between two dentists.

Polishing (cleaning of teeth) and topical fluoride treatment once every 9 months.

Emergency or palliative services.

Diagnostic tests and laboratory examinations.

Removal of impacted teeth and related anaesthesia.

Provision of space maintainers for missing primary teeth.

Pit and fissure sealants.

Oral hygiene instruction once every 9 months.

Basic dental procedures

Your dental benefits include the following procedures used to treat basic dental problems.

We will pay 80% of the eligible expenses for these procedures.

Fillings Amalgam, composite, acrylic or equivalent.

Extraction of teeth Removal of teeth, except removal of impacted teeth (*Preventive dental procedures*).

Basic restorations Prefabricated metal restorations and repairs to prefabricated metal restorations, other than in conjunction with the placement of permanent crowns.

Endodontics Root canal therapy and root canal fillings, and treatment of disease of the pulp tissue.

Periodontics Treatment of disease of the gum and other supporting tissue.

For scaling and root planing, up to a combined maximum of 2 units of 15 minutes per benefit year for a child under age 13 or 10 units of 15

minutes per benefit year for any other person.

Oral surgery Surgery and related anaesthesia, other than the removal of impacted teeth (*Preventive dental procedures*).

Rebase or reline Rebase or reline of an existing partial or complete denture.

When coverage ends

Dental Care coverage will end when the employee retires. However, you may be eligible for Dental Care coverage after retirement. Please contact your employer for more information.

Coverage may also end on an earlier date, as specified in *General Information*.

Payments after coverage ends

If the Dental Care benefit terminates, you will still be covered for procedures to repair natural teeth damaged by an accidental blow if the accident occurred while you were covered, and the procedure is performed within 6 months after the date of the accident.

What is not covered

We will not pay for services or supplies payable or available (regardless of any waiting list) under any government-sponsored plan or program unless explicitly listed as covered under this benefit.

We will not pay for services or supplies that are not usually provided to treat a dental problem.

We will not pay for:

- procedures performed primarily to improve appearance.
- the replacement of dental appliances that are lost, misplaced or stolen.
- charges for appointments that you do not keep.
- charges for completing claim forms.
- services or supplies for which no charge would have been made in the absence of this coverage.
- supplies usually intended for sport or home use, for example,

mouthguards.

- procedures or supplies used in full mouth reconstructions (capping all of the teeth in the mouth), vertical dimension corrections (changing the way the teeth meet) including attrition (worn down teeth), alteration or restoration of occlusion (building up and restoring the bite), or for the purpose of prosthetic splinting (capping teeth and joining teeth together to provide additional support).
- charges related to implants, including surgery charges.
- implants and transplants, and repositioning of the jaw.
- experimental treatments.

We will also not pay for dental work resulting from:

- the hostile action of any armed forces, insurrection or participation in a riot or civil commotion.
- teeth malformed at birth or during development.
- participation in a criminal offence.

When and how to make a claim

To make a claim, complete the claim form that is available from your employer. The dentist will have to complete a section of the form.

In order for you to receive benefits, we must receive a claim no later than 90 days after the earlier of:

- the end of the benefit year during which you incur the expenses, or
- the end of your Dental Care coverage.

We can require that you give us the dentist's statement of the treatment received, pre-treatment x-rays and any additional information that we consider necessary.

Respecting your privacy

Respecting your privacy is a priority for the Sun Life Financial group of companies. We keep in confidence personal information about you and the products and services you have with us to provide you with investment, retirement and insurance products and services to help you meet your lifetime financial objectives. To meet these objectives, we collect, use and disclose your personal information for purposes that include: underwriting; administration; claims adjudication; protecting against fraud, errors or misrepresentations; meeting legal, regulatory or contractual requirements; and we may tell you about other related products and services that we believe meet your changing needs. The only people who have access to your personal information are our employees, distribution partners such as advisors, and third-party service providers, along with our reinsurers. We will also provide access to anyone else you authorize. Sometimes, unless we are otherwise prohibited, these people may be in countries outside Canada, so your personal information may be subject to the laws of those countries. You can ask for the information in our files about you and, if necessary, ask us in writing to correct it. To find out more about our privacy practices, visit *www.sunlife.ca/privacy*.

You have a choice

We will occasionally inform you of other financial products and services that we believe meet your changing needs. If you do not wish to receive these offers, let us know by calling 1-877-SUN-LIFE (1-877-786-5433).
